# Chat with the Chappie

As you may know, last Friday was the 'National Day of Action against Bullying and Violence'. Bullying is a serious issue and as children move into their teenage years, it can have devastating effects.

Maybe you've experienced bullying or even been the bully yourself? Most people go through life and remember these experiences well.

So what is it? Bullying is intentional and repeated behaviour, it is not accidental. It may be physical, verbal and/or psychological. There is direct face-to-face bullying, covert-hidden bullying and cyber-bullying, which is also hidden bullying at times. So two things I'd like to encourage you to do this week.....

1. Ask your child if they are OK. Often students who are being bullied don't wish to speak out. Keep the communication open with your child so they know they can come to you at anytime.
2. Ask your child if they are being kind and caring to all other students at school. Sometimes it can be a bit shocking to find out our children can be mean or nasty. Encourage them to always include others and find ways to help others. We all want our kids to grow up to be wonderful caring members of our community.

If you know there are issues of bullying please speak up and as a school and community we can work together to make things better, happier and safer for everyone.

SunSmart Snippet

## The simplest way

...to use sunscreen!

**What does sunscreen do?**

Sunscreen acts as a barrier, filtering UV radiation by absorbing and reflecting UV rays away from your skin.

**Make sunscreen a habit!**

In the morning, check if the UV will be 3 or above and apply sunscreen before heading out for the day.

Use SPF30+ broad-spectrum water-resistant sunscreen 20 mins before going outside.  
Make sure you reapply at least every 2 hours.

Sunscreen is just one part of sun protection!  
Remember to use sun-safe hats, clothing and sunglasses and seek out shade.

To help keep your kids safe in the sun, check your schools SunSmart status by heading to [www.sunsmartnsw.com.au](http://www.sunsmartnsw.com.au)
