

Term 2, Week 6

Stroud Road Public School and Community Newsletter

Participate - Learn - Succeed

LEARNING HIGHLIGHT:

Critical comprehension

Darcy has shown excellent Higher-order-thinking skills when responding to critical comprehension questions in reading lessons. He uses information from the text and his own opinion to form an answer.

GLOUCESTER GALLERY VISIT

Thanks to all our community members that have made a visit to the Gallery to see our students' artwork. We have had a number of very positive comments regarding the quality of Stroud Road Art. Mrs Melmeth has done a wonderful job displaying and hanging the works. We'll be visiting both the gallery and the Gloucester Museum, on Friday.

REGENERATION TALK

Our students were fortunate enough to take part in a Landcare workshop at our very own Mammy Johnson River. We learnt about ways of rehabilitating the riverside and of the importance of healthy waterways. This event had connections with our science and environment lessons

Chat with the Chappie

We all face challenges in life. Whether it's learning a new skill, dealing with the struggles of parenting or just getting through the day, no one has a easy going - stress free life. It's the same for our kids. The issues and situations might be different, but the fact that they face adversity in life is the same.

Growth mindset. What is it? It's a belief that a person's abilities and intelligence can be developed through practice, hard work, dedication and motivation. Growth mindset is something we're talking about at school at the moment. Did you know... Children who have a growth mindset are more likely to:

- Learn from their mistakes
- Be motivated to succeed
- Put forth more effort
- Take challenges head on
- Take risks
- Seek feedback
- Learn more
- Learn faster

Wow! What a list. I'm pretty sure we all want to see these things in our kids. The opposite of this is a '**fixed mindset**'. It's the idea that intelligence and talent alone will lead to success. Some believe that you're either born with it or not, and nothing can change that. But research has shown that kids

who have a fixed mindset are more likely to:

- Fear failure
- Give up on tasks they feel are too difficult
- Ignore feedback
- Avoid challenges
- Feel threatened by the success of others

Pretty challenging stuff isn't it? If this rings some alarm bells for you, please feel welcome to contact Mr Lewis or myself so we can support your child in the way they approach challenges in life. Our kids will often surprise us in what they can do and what they can achieve!

Horse Tales, Year 6
- **8/6 - Friday**
Gloucester Gallery and Museum

Week 7

- **14/6 - Thursday**
Horse Tales, Year 6

Good for Kids good for life

WASTE-FREE LUNCHES

When packing your child's lunchbox it's important to think about nutrition, but we can also look after the environment too!

Waste-free means only packing items that can be recycled or composted. That means no plastic wrap, no foil, no zip lock bags and no packaged foods.

Here are some ideas for packing a waste-free lunch:

- Invest in some small containers or a lunchbox with a variety of compartments.
- Use paper bags as they can be recycled.
- Use a reusable bottle for water and milk.
- Buy in bulk and transfer into smaller reusable containers for food like yoghurt and rice crackers.

29TH JUNE, 2018. (MAY BE EARLIER DUE TO A LIMITED

NUMBER OF SEATS)

Did you know there is Medicare funded dental care for eligible children at a private practice?

The Medicare funded Child Dental Benefit Schedule provides up to \$1000 of dental treatment for eligible children aged 2-17 over 2 calendar years.

What is the Child Dental Benefit Schedule (CDBS)?

The Child Dental Benefit Schedule is a Medicare funded program providing dental care for eligible children.

How to check if your child/children are eligible

If you are a family who holds a Health Care Card, receives a Centrelink payment or Family Tax Benefit A, your child(ren) may be eligible for the CDBS.

You may have received a letter from the Department of Human Services letting you know you are eligible for the CDBS.

If you are unsure, it's quick and easy to check your eligibility. Simply ask at the reception of your dental clinic. Alternatively you can call Medicare on 132 011 (7 days a week, 24 hours a day) or visit www.humanservices.gov.au.

If your eligibility is confirmed

Make an appointment with a dentist of your choice.

How does the \$1000 cap work?

Eligible children may have up to \$1000 of dental treatment over a two-year period.

It begins at the start of the calendar year and any money not spent in the first year is carried over to the second year.

You cannot claim benefits from both private health insurance and the CDBS for the same services.

What dental services are covered?

A range of services are covered by the CDBS. These include:

- Dental check up
- Cleaning
- X-Rays
- Fillings
- Fissure sealing
- Extractions

What is not covered?

- Orthodontics (braces)
- Treatment under general anaesthetic
- Cosmetic dental treatment (such as teeth whitening)
- Mouthguards
